A mi me gustaron mucho, especialmente Trillo. La pareja de Iñaqui y no me acuerdo el nombre de la chica lo hicieron también muy bien, pero creo que esto es la tele, no una competición, y para ir a la tele no llega con bailar bien sino también parecerlo y la "puesta en escena televisiva" creo que es importante y Trillo lo ha hecho bien. Enhorabuena.

Enhorabuena Trillo e Ingrid por vuestra clasificación.

Me alegro mucho de que ganaseis ese duelo y que os salvase el jurado del programa, seguid así.

Sólo cabría pedir a Mr Poti un poquito de discreción, puesto que por vuestra reacción no creo que contase con vuestra autorización. Se le fue la mano y, a pesar de que no es ningún secreto, y que no tiene nada de malo, no venía al caso.

Suerte chicos

Si, opino lo mismo. En el programa de ayer quizás esa facilidad para la interpretación que Trillo atesora en su "trabajo alternativo" deberían apuntársela el resto de parejas. Me explico: el Pol y la Lorena tienen un gran derroche de técnica, energía, juventud y jovialidad pero casi ni pizca de interpretación. Bien es cierto que los bailes estándar le favorecieron a Trillo (mejor no hablo de Ingrid, que creo que acompaña a Trillo decentemente y debe mejorar mucho más, su salto es grande y es comprensible), pero también es muy cierto que un bailarín no se mide solamente por la energía que puede dilapidar sino por lo que transmite cuando no derrocha energía, y ayer solamente una pareja en la pista llenaba las paradas con baile, tanto en el Quick como en el Tango, y eran Trillo e Ingrid. Y si hablamos de emocionar, de transmitir, solamente ellos y la pareja que bailó pasodoble al final han sido capaces de mostrarnos que bailar no solo es técnica (se presupone en esas categorías) y derroche físico.

El caso de Masha y Nicolás es de una falta de planificación flagrante. ¿Como es posible que nos bailen el mismo chacha tres veces en dos programas?. Sus coreografías son explosivas, llenas de vueltas y velocidad. ¿No se dan cuenta de que no están en una competición con jueces al uso y de que es muy importante la interpretación, las pausas y la búsqueda de la complicidad del público?. Si siguen en esa línea no van a seguir mucho más tiempo en el programa. Es una pena porque creo que pueden transmitir mucho más si cambian el chip.

En cuanto a la chica de los dos hermanos, quizás sobraba un poco el haber personalizado en ella por parte de los jueces, aunque si es verdad que en esas categorías uno debe controlar mejor esos pies y el trabajo con el suelo.

Por cierto, también me gustaría comentar algo acerca de los enlaces en los bailes estándar. Al hacer figuras sueltos, y al conexionar nuevamente se ve un solapamiento tan artificial que en muchos casos es mejor que bailen juntos todo el tiempo como hicieron Trillo e Ingrid en el tango. De verdad, en muchos casos parecen parejas que están empezando, queda muy mal. Esas mezclas tipo Poty parecen chapuzas de última hora.

Y este programa viene a reafirmar una vez más lo que ya comenté en alguna ocasión. Y es que si muchas parejas bailasen en solitario delante de los jueces las puntuaciones cambiarían mucho. El baile deportivo está estructurado para "llamar la atención" de los jueces en minuto y medio, en una pista en la que tienes buscar posición y estar pendiente de muchas cosas y eso sacrifica algo esencial en el baile: la transmisión de emociones, la interpretación y la búsqueda de comunión con el público y eso es precisamente lo que se pide en este programa.

A ver si alguna pareja toma nota y nos hace caso. :-)

Hola, Muñeca, bienvenida. ;)

Es posible que haya expirado la sesión. Cuando estamos mucho tiempo sin acceder a ninguna otra parte de la página puede pasar. Si vas a escribir un mensaje largo, por ejemplo si vas a estar más de 20 minutos, es mejor que lo escribas en cualquier procesador de textos y luego lo pegues porque sino te puede expirar la sesión de usuario (esto es por motivos de seguridad) y no te dejará escribir puesto que no te reconoce como usuaria. Lo siento. :(

Por cierto, a mi también me gustó mucho como bailaron Ingrid y Trillo. ;)

Gracias Rober :) me registré hoy, soy nueva.

Me gusta mucho el concurso que estan dando en la primera, lo veo todos los lunes y me gustaria daros mi opinión. En primer lugar me quedé flipada con el comentario de Poty :ohmy: sobre lo del stripper (me ha parecido de mal gusto que lo difundiera porque por algo Trillo no lo ha dicho antes, evidentemente la gente puede crear prejuicios sobre esa profesión).

En cuanto a los bailes Pol y Lorena me han molado, son una buena pareja (y especialmente el es muy expresivo)pero estoy de acuerdo con Perfil en que no interpretan demasiado la muscia.. aunque el tango estuvo muy tecnico.

Trillo-Ingrid: Los encuentro una muy buena pareja de standards pero a decir verdad a ella la veo como antipatica o timida, no se como califico: seria bueno que se relajara que baila bien y es wapa.

Nicolás-Masha: Son una buena pareja en latinos (Ella es preciosa y con buena tecnica)pero en standards lo han hecho de pena :unsure: (sin animo de ofender a nadie).

Las otras dos parejas me gustaron pero les encuentro en un nivel inferior que las dos que pasaron directamente de ronda.

Bueno, esa fue mi cronica ;) , un saludo a todos y me gustaria que se creara un tema general sobre el programa.

Por cierto, dicen que está bajando la audiencia del programa en esta edición. Me lo creo. En la anterior edición, cuando salíamos los lunes con algunos amigos no relacionados con el baile, en algun bar nos coincidía de ver el programa y se mostraban interesados. En esta edición, cuando bailan los bailarines de competición, "ni caso", lo peor es que casi ni me dejan verlos, dicen que es muy aburrido. Creo que va a ser un problema para el programa poner tanto baile de competición en cada emisión. :-)
