## Abraham y Amagoya

Van a bailar chacha y pasodoble. Creo que tienen muchas posibilidades dado que vota el público y el pasodoble es bastante admirado en el extranjero, sobre todo si lo baila una pareja española. ¿Qué opináis?.

Hombre, yo creo que puede ser muy interesante, sobre todo si montan una coreografía de pasodoble espectacular y netamente "española" y no tan sajona como se acostumbran a ver muchas.

En cuanto al chacha creo que van a tener mucha competencia y ahí la rapidez y espectacularidad de Abraham, más que su técnica en comparación con otros bailarines internacionales pueden ser decisivas si tenemos en cuenta que el público que vota no va a valorar técnica.

Si, seguramente el público votará al que vista de forma mas hortera aunque no bailen muy bien. Creo que ganará el que sea más original.

Hola :)

Me parece muy buena la elección de los bailes (para mi el cha cha es el mejor baile de ellos), estoy optimista en cuanto a ellos como pareja, habra que ver a las demas parejas -no vi el video de todas-en las casas de apuestas dan a lituania , uk , austria.. en los primeros lugares, pero a españa no la tienen tan lejos. pero bueno lo importante es como bailen el sabado todos , alli se verá.

He visto fotos de Amagoya y Abraham entrenando y el dia de la presentacion en Uk y me gusta el look que llevan.

Esperemos que haya suerte :cheer:

saludos :kiss:

Muchas gracias, Muñeca. Interesante tu aportación. Según se deduce de los temas que van a bailar, la mayoría va a bailar pasodoble, lo cual, creo, no juega en favor de los españoles. Hay parejas muy buenas por lo que pude leer. Amagoya y Abraham bailarían "Baila Morena" de Zuchero (tema bastante trillado, para mi gusto) y "El gato montés". Lo que no sé es si eligen ellos mismos los temas. B)

Pues tenías razón, Rober, el pasodoble creo que pasó factura. Con tantas variedades de presentación (pirata incluida) el detalle de la capa casi que pasó desapercibido. A esas alturas el público creo que estaba más que harto de pasodobles. Creo que para próximas ediciones la primera parte debería ser por sorteo, y al que le toque un slow fox se jode y lo prepara, ya tendrá la segunda para hacer "inventos".

Centrándonos en los pasodobles, me gustó mucho el pasodoble pirata de los austríacos, con mucha fuerza y poder de transmisión.

Una vez terminó el certamen mis apuestas, y tengo testigos eran:

- 1º Ucrania
- 2º Finlandia
- 3º Rusia
- 4º España

Abraham y Amagoya no lo hicieron nada mal, pero creo que para mi gusto las coreografías no fueron lo suficientemente impactantes para lo que pretendían. De todas formas creo que deberían haber estado entre los cuatro o cinco primeros.

Muchas parejas desaprovecharon el minuto y medio que tenían con mucho relleno. No se puede ir a un festival de este tipo con una simple coreografía de competición.

Y al final, como estaba previsto ganó la pareja diferente. Exacto, todas las parejas buscaron la exhuberancia para llamar la atención, y precisamente la más sencilla fué la que llamó la atención entre tanta exhuberancia, independientemente de que el bailarín finlandés era el mejor de los que pisaron esa pista con bastante diferencia. Mostraron un buen gusto musical y unas coreografías lentas, técnicas, que sacaban todo su potencial a relucir. Fueron los mejores, sin duda, aunque tenía mis dudas con los ucranianos pues al ser los únicos que bailaron estándar, y muy bien, por cierto, podrían haber llamado también la atención del público, como así lo hicieron, a tenor del resultado final.

En fin, un formato de competición de baile diferente, pero que creo que tendrá que mejorar algunas cosas en próximas ediciones si pretenden una audiencia alta, aunque quizás después de esta edición los bailarines se piensen mejor los bailes que seleccionan, puesto que esto se ha visto que es importante. Lo que me parece un poco chocante es que bailes como el tango argentino, salsa, merengue, bachata... no parezcan tener cabida en este formato eurovisivo...
