Una amiga me preguntaba el otro día cómo están organizados los estudios de danza (clásica) en España y no supe que contestarle. ¿Sabéis si existen enseñanzas regladas de formación profesional o universitarias?. Ya sé que existen academias privadas, pero quería saber si hay certificaciones OFICIALES al respecto y como está organizado esto. Gracias.

Pero la titulación, ¿es oficial?. Me refiero a que segun la ley existen aparte de la enseñanza infantil, primaria, secundaria, formación profesional y universitaria unas enseñanzas especiales: artísticas, deportivas y de idiomas.

Según puedo entender la danza puede estudiarse en FP y en las enseñanzas artísticas, pero según tu esto solo se hace en centros privados, porque centros públicos del tipo conservatorio de música pero para danza, no existen, ¿no?.
