GRUPO DE TRABAJO POR EL BAILE DEPORTIVO EN ESPAÑA

Sirva este comunicado para dar a conocer la iniciativa que estamos llevando a cabo un grupo de personas vinculadas al Baile Deportivo en España, con el objetivo de avanzar en la gestión de la Asociación Española de Baile Deportivo (AEBDC), futura Agrupación Española de Baile (AEBD).

Todos nosotros opinamos que la situación del Baile Deportivo en nuestro país es mejorable, y estamos dispuestos a impulsar un grupo de personas que compartan con nosotros esta misma idea y trabajen para ello.

Nuestro objetivo a corto plazo es, como socios de pleno derecho de la AEBDC, presentar en la Asamblea ordinaria de la AEBDC a celebrarse el próximo mes de Junio de 2008 la propuesta de adelantar las elecciones a Junta Directiva de la AEBDC al año 2009. Este derecho queda contemplado en el Artículo 23 F de nuestros Estatutos.

Nuestro objetivo a largo plazo es presentar una candidatura a las elecciones de Junta Directiva de la AEBDC, teniendo un año para desarrollar un proyecto y trabajar en aquellos aspectos que, según nuestra experiencia en Baile Deportivo, creemos susceptible de mejora significativa.

Sería deseable que esta iniciativa no sea la única y, en las próximas elecciones, los socios puedan disponer de diferentes alternativas para elegir democráticamente la opción que más se ajuste a sus necesidades e intereses.

Estamos abiertos a todas aquellas personas y entidades que tengan esta misma inquietud y cuyo interés sea el mismo que el nuestro: el trabajo por el desarrollo del Baile Deportivo en España.

A todos los socios de la AEBDC que quieran dar soporte a este proyecto.

El primer paso es recoger el número suficiente de firmas de socios mayores de edad con derecho a voto para poder presentar a votación la propuesta en la próxima asamblea. Si estáis interesados en firmar, contactar con cualquiera de los que formamos parte del grupo y os haremos llegar la documentación.

El segundo paso es intentar hacer un esfuerzo para asistir a la Asamblea, pues éste es el órgano soberano de la Asociación y es donde cualquier iniciativa debe encontrar el soporte necesario.

Para poder contactar con el Grupo de Trabajo y con el deseo que sea un instrumento útil de comunicación entre todos hemos creado el sitio Web:

www.probaile.com

Aquí encontrareis toda la información que tengamos disponible y una dirección e-mail para hacernos llegar vuestras opiniones y sugerencias.

Manuel Angel. No sé si las intenciones son buenas, si se trata de mantener la situación o de si son fuegos de artificio. Mi experiencia con grupos de trabajo de baile deportivo, a no ser que cambien las cosas, no es alentadora en este sentido.

Hay una cosa que está clara: todo lo que sea que los competidores, alumnos, paguen menos, no interesa a quienes les cobran.

Otra cosa es que los grupos de trabajo los formasen exclusivamente alumnos o competidores sin relación directa con las clases o la organización de competiciones, entonces si que podría creer en el trabajo altruista.

Es muy difícil hacer que personas que están acostumbradas a cobrar por cualquier cosa relacionada con el baile, de la noche a la mañana hagan algo por amor al arte. Si no hay pasta no hay movimiento. Por desgracia estoy cansado de ver que, en última instancia, las cosas son así.

Luego hay mucha gente que quiere estar en el ajo para ver qué se cuece, pero a la hora de la verdad no mueve ni un dedo.

Manuel Angel, esto es así en España, que yo recuerde, desde hace 15 años, al menos, y ningún avance práctico hemos tenido.

Hace años que vengo diciendo que si esto no lo cambian los competidores lo cambiarán las escuelas cuando les interese.

Perdona que sea tan pesimista. A lo mejor ahora nos sorprenden con cosas nuevas que vayan en beneficio de los competidores, pero yo nunca supe si la AEBDC es una asociación de competidores o una asociación de escuelas.

Yo personalmente estoy cansado, cansado de ser el único competidor (ahora ex-competidor) en un grupo de trabajo. Cansado de programar cosas que luego no se hacen. Cansado de discusiones personales nimias y que no tienen que ver con el bien común. Ya te digo, o cambian mucho, pero mucho, las cosas, o mi opinión de los "grupos de trabajo por el baile deportivo", va a ser con muchas reservas, porque tienen mucho de grupo y poco de trabajo, y lo que es peor, el objetivo final no parece que sea el baile "deportivo" sino el mantenimiento de las situaciones establecidas.

Estoy cansado, si, pero siempre dispuesto a ayudar, porque yo solo no puedo hacerlo todo, sobre todo cuando no me une actualmente relación alguna con el baile deportivo, a no ser mi número de socio de la AEBDC. Estoy cansado, pero me tomaría unas vitaminas si hubiese alguna reacción positiva, alguna muestra de querer hacer... pero bueno, como ves, amigo Manuel Angel, tengo ciertas reservas en estos temas...

Totalmente de acuerdo. No es muy diferente al juego de la política real, pero yo prefiero confiar en la gente (ese ha sido siempre mi mayor defecto, soy muy confiado) hasta que me decepcionan.

Acabo de leer en otro foro que los sistemas se mantienen y perpetúan gracias a la renovación y la alternancia, y esa es la base real de la democracia en la que yo creo a pies juntillas.

Por cierto, nada tengo que ver ni con la AEBDC, ni con el Grupo de Trabajo, meramente copipasteo una noticia que aparece en infinidad de web sites de baile deportivo.

Mil saludos y ánimo, la vida no se podría vivir sin la esperanza de un futuro mejor.

Ya se ha superado el número de firmas requeridas en los estatutos para presentar la propuesta de los socios a la Asamblea. Todavía siguen llegando firmas de socios y, para aquellos que deseáis firmar y aun no lo hayáis hecho, sabed que el Lunes día 9 de Junio daremos por finalizada la recogida de firmas para seguir avanzando otras fases del proceso iniciado.

Conseguido, con la colaboración de muchos de vosotros, este primer objetivo, queda ahora afrontar un reto importante para todos: la asistencia a la Asamblea General.

Sabemos que no es fácil renunciar a un sábado de descanso desplazándose muchos kilómetros, en la mayoría de los casos, para asistir a una Asamblea. Pero, y en esto coincidimos plenamente con la opinión expresada por nuestro presidente: "no es positivo dejar en manos de un reducido número de asistentes la responsabilidad de tomar decisiones que condicionen el futuro de la Asociación y del Baile Deportivo."

Para facilitar y reducir al máximo el coste del desplazamiento estamos preparando la salida de autocares desde distintos puntos donde puedan reunirse un número suficiente de socios interesados. La semana próxima esperamos poder informaros de los puntos de salida, horarios, precios y como reservar plaza.

Reiteramos, una vez más, las gracias a todos los socios que se han sumado a esta iniciativa desde Aragón, Catalunya, Galicia, Islas Canarias, Madrid, País Vasco y Valencia.

La Asamblea somos todos: VEN!!!
